

## REDS WIN SECOND GAME 4 TO 2

30,000 Loyal Fans Watch The, Invincible Reds Take Second Game From Sox

The Game By Innings

Cincinnati, Oct. 2.—The wildness of Claud Williams contributed largely to the Cincinnati winning the second game of the world's series today by a score of 4 to 2.

While Cincinnati only obtained four hits these came at opportune time when they had been preceded by bases on balls off Williams, while Cincinnati made two errors one of which enabled the White Sox to score. Yet great work on the part of the team in defensive play held the Sox on numerous occasions.

Roush was the particular star of the contest. Saltee, while he was hit frequently, managed to pull himself out of several holes where a hit was certain to produce runs.

The game in detail was as follows:

The batting order for today's game is as follows:  
Chicago—J. Collins, rf; E. Collins, 2b; Weaver, 3b; Jackson, cf; Felsch, cf; Gandil, 1b; Risberg, ss; Schalk, c; Williams, p.

Cincinnati—Rath, 2b; Daubert, 1b; Groh, 3b; Roush, cf; Duncan, lf; Kopf, ss; Neale, rf; Rariden, c; Saltee, p.

Umpires—Evans behind the bat; Quigley on first; Nallin on second; Rigler on third.

Umpire Evans announced that the batteries would be Williams and Schalk for Chicago; Saltee and Rariden for Cincinnati.

**Second Inning**  
Chicago—Jackson doubled to center. Roush missed the catch by a few inches. Felsch sacrificed. Saltee to Daubert. Jackson going to third. It was a beautiful bouncer. Gandil was thrown out. Kopf to Daubert. Jackson holding third. Risberg flied to Neale. No runs, one hit, no errors.

Collins flied to Roush. Two runs, two hits, one error.

Cincinnati—Rariden fouled to Schalk. Saltee flied to J. Collins who caught the ball almost on the foul line. Rath lined flied to Weaver. No runs, no hits, no errors.

## PAT MORAN TELLS HOW REDS DID IT

(By Associated Press)  
Cincinnati, Oct. 1.—Just as a good golfer must keep his eye on the ball, so must a champion base ball player keep his mind on the game. The ability of the Cincinnati players to think base ball, dream base ball, talk base ball and live base ball has made them a pennant winning aggregation, according to Manager Pat Moran.  
"If the fellows had thought about automobiles, shows and everything else in the world but base ball they would not be where they are now," said Moran in explaining how his team captured the National League flag, and became contenders for the World's Championship. "I guess that holds good in most any game you are playing. A player must be interested and he must think about his game. When he does this he is always up and coming taking advantage of every opportunity."

Pat has been characterized as a miracle man, wonderful leader and so through the catalog of descriptive phrases but he modestly insists the players are responsible for the success of the Cincinnati club.

"I have had a great ball club, that's the whole story," he said. "Not only is it a great ball club, but it is a club of fellows who take care of themselves and put their mind on their work. No man can make good in any line of life unless he has the instruments to succeed with. I have a good bunch of players so give them the credit. All I did was to hold the boys together. They won the ball games."

Followers of the Reds, however, will not let Moran take a back seat without showering some praise on him. They say that Cincinnati has good players but that it took a good manager to mould them into a winning machine. Any Cincinnati fan will swear that Pat is a good manager.

## SPECIALIST CALLED IN CONSULTATION

(By Associated Press)  
Washington, Oct. 2.—Despite a fairly good night's rest, President Wilson was not so well this morning and Rear Admiral Grayson, personal physician, has called in consultation Dr. F. X. Dercum, the Philadelphia neurologist.

The President's condition is not considered alarming, it was explained at the White House, and the decision to call in Dr. Dercum was made as a precautionary measure and to relieve the pressure on Dr. Grayson, who has been with the President almost continually since he was taken ill a week ago. The President is described as extremely restless and Dr. Grayson insists he remain quiet and try to divert his mind from executive matters in which the President desires to take a hand. Dr. Grayson has been in consultation with two other physicians of the navy and also expects the Philadelphia eye specialist this week.

The President did not take kindly to calling in the specialist, but finally consented when Dr. Grayson insisted on assistance. The President's condition, however, is not considered alarming.

Philadelphia, Oct. 2.—Dr. Dercum is considered one of the world's foremost specialists on nervous diseases. He is professor of nervous and mental diseases at the Jefferson Medical College. He is 63 years old and will arrive in Washington late today.

## BELGIAN RULERS LAND

(By Associated Press)

New York, Oct. 2.—King Albert and Queen Elizabeth landed at Hoboken shortly after noon today. Albert is the first reigning monarch of Europe to set foot on American soil. Soldiers and marines presented arms as the King and consort descended the gang plank of the Steamer George Washington, to be received by Vice President Marshall and other representatives of the government. Throngs of American citizens lined the pier. Meanwhile as the George Washington crept up the Narrows guns boomed forth the Presidential salute. The flag of the royal house of Belgium was flown from the masthead of the transport and warships dipped their colors.

## Why Yanks Landed At Fiume

(By Associated Press)  
Washington, Oct. 2.—Intervention by American naval forces at Trau, Dalmatia, prevented bloodshed "which would perhaps have resulted in a state of actual war between Italy and Jugo-Slavia," according to a report from Admiral Knapp, commanding the naval forces in European waters, transmitted to the Senate today by Secretary Daniels. The American sailors were not landed, Admiral Knapp said, until after American and Italian officers induced the Italian raiders to withdraw after they had surprised and captured a small Serbian garrison. The Americans were then sent to police the town. The Americans acted, Knapp said, as the request of the Italian admiral.

## "THE FIRST FIVE MINUTES AFTER DEATH"

The whole community was delighted to know that Dr. Violette was well enough to fill the pulpit at the Christian church last night. Those who heard his graphic story of the Man who forgot God realized that he is a wonderful painter of word pictures. To miss one of Dr. Violette's sermons, is to miss a real treat, and a rare opportunity. The people of Richmond are greatly favored by having such a man in their midst. The theme for tonight is, "The First Five Minutes After Death," the chapters to be read are the ninetyeth Psalm, and the seventh chapter of Revelations.

What follows after death is exciting much discussion these latter days since the world has seen and felt so much of death. Some mothers have declared that their soldier boys have appeared to them after death on the battlefield; a few modern physicians say that the brain lines no for 30 minutes after the body has ceased its functions; Conan Doyle and his associates claim the presence of the spirit after it has left the body. It will be extremely interesting to hear Dr. Violette on this subject. Dr. Violette is a fine believer in the Bible as the word of God, and he speaks as a man of great faith and with authority.

The church choir is furnishing good music for the meeting, and Miss Metcalf's solos are much enjoyed.

There were two additions to the church at last evening's services.

## RACE MEET TO BE HELD AT MT. STERLING

## PARTIES HAVE NARROW ESCAPE IN COLLISION

While Mr. and Mrs. W. A. Langford were out driving in their car Wednesday afternoon about two o'clock, they met with an accident which seemed miraculous that no one was hurt. Mrs. Langford was driving the car and as she was nearing town on the Tate's Creek pike, a man driving in a brand new buggy was just ahead of them. He pulled over to allow them to pass. In some way or other Mrs. Langford lost control of the machine, and the car ran into the buggy, tearing it up considerably, but the occupants, who it is understood, was a resident of the Newby section, didn't receive a scratch. The car received but little damage, and friends of this popular couple were glad to learn that nothing more seriously resulted.
